

LIFE-BASE light

The clever transport solution for all MEDUMAT ventilators

Lightweight, small and compatible with all external oxygen sources: LIFE-BASE light, optimized for use in emergency medical services and hospitals. When LIFE-BASE light is connected to an external oxygen source, you have a complete system ready for immediate use.

The lightweight portable system

Convenient transport and reliable operation

- extremely lightweight
- extremely small size requires less space
- compatible with all external oxygen sources
- varied fastening options for pole and standard rail mounting
- fulfills requirements of EN 1789 (not applicable for pole mounting)

Can be combined with:

- Weinmann's modules
- MEDUMAT Easy
- MEDUMAT Easy CPR
- MEDUMAT Standard
- MEDUMAT Standard a
- MEDUMAT Transport
